Cc:

State Board of Education Members,

I saw [in the news](#) that CSAB has decided not to include the charter school racial statistics that was requested, stating that the "charter schools are probably a closer approximation of the population at the local school districts level". However I am curious why they are not giving local district racial numbers in efforts to support that statement? All of the racial data for district schools and charters can easily be found on the state site -> <http://apps.schools.nc.gov/ords/f?p=145:73::NO::>. It can be labor intensive to pull out the schools by district, however I have done this for Wake County for you and will attach the spreadsheet, but here are average students populations in Wake County schools based on the data from the state:

Wake County Traditional Public Schools- 45% White, 22% Black, 18% Hispanic
Wake County Charter Schools- 58% White, 17% Black, 11% Hispanic

However if we zoom in even closer to Northeast Wake districts 1 and 3 (which is home to 11 out of the 24 Wake County charter schools with over 7000 students enrolled in charter schools) the numbers are staggering:

Northeast Wake Traditional Public Schools- 40% White, 30% Black, 23% Hispanic
Northeast Wake Charter Schools- 72% White, 10% Black, 9% Hispanic (and 2 more large charter schools were just approved within 3 miles of each other making it soon 13 charter schools in our area and neither of which have a plan to enroll more than 15% FRL so this racial and socioeconomic discrepancy will likely greatly increase if these schools continue the path to open.)

These numbers are NOT misleading and DO need to be included in the report. They are facts that can not continue to be ignored. And if I, a mother of children ages 11 months to 12 years, can find time to crunch these numbers along with everything else I have going on, it can and should be done by our elected and nominated officials.... and acted on!

I would like to ask you one question. Please tell me, with the racial segregation shown above, in addition 35% FRL (Wake County) and 1% (NE Wake Charters) and soon to be over 11,000 students marketed heavily out of the public schools and into charters JUST in districts 1 and 3, how exactly do you expect our public schools to stay strong, fully enrolled and integrated? How?? You see these numbers, yet you have

not stopped it. Even at the cries of the community. Did you know Northeast Wake is the [6th wealthiest zip code](#) in all of NC? Knowing that and seeing these segregation numbers yet approving even more of the same, it is clear NC charter schools and CSAB have completely lost their focus.

Please do not ignore or remove this vital data in your report. Areas that show numbers like Wake county and especially Northeast Wake have to be fixed. Allowing 2 more schools is the exact opposite of fixing these numbers. It is down right supporting this crisis.

If anyone would like to see further data pulled for other districts across the state, I would be happy to put together this information for you. We have got to fix areas like Northeast Wake immediately. Not after we make it worse with 2 more schools. IMMEDIATELY.

Thank you for reading this and looking at the data and thank you to those who continue to ensure that our public schools are supported and avoid decisions that damage them. Hundreds of thousands of NC public school students are relying on you.

Michelle Tomlinson
